

Abrisszettel Petition Plastic carcass instead of Christ corpus | City Church Mönchengladbach Germany

Von: Christine Maria Oellers **aus:** Mönchengladbach **an:** SE Bischof Dr. Helmut Dieser (Bischof von Aachen) **in:** England, USA.
Since the end of September 2019 Father Christoph Simonsen exhibits a cross that looks like an animal carcass is fixed on it, headless with 4 limbs, in his office of the City Church Alter Markt Moenchengladbach (Germany). The disfigured cross is publicly visible - just behind the Father's office chair and separated from the interior of the church only by a glass door. This representation of the cross-suffering God and Lord Jesus Christ has already provoked uprising among many Catholics. Neither Father Simonsen nor the Diocese of Aachen spoke out against this cross representation - on the contrary, this representation was appreciated as an object of art that was "valuable and indispensable" and would lead to "deep and reflected discussions ..."
